

ARE YOU IN THE ZONE?

Prepare for and survive a lahar with these simple steps:

- Create a Grab & Go bag** and be “2 Weeks Ready” at home.
- Know your lahar evacuation routes** and practice walking them.
- Sign up for local alerts** and purchase a **NOAA Weather Radio**.
- Identify your out-of-area contact** and talk to friends & family about your disaster plan.
- Need help checking off your list?**
Talk to your local emergency management office or visit CityofPuyallup.org/Prepare.

DON'T FORGET!

All lahar sirens are tested at **12:00 PM** on **the first Monday of every month**. The test sound is similar to a chime on a clock. In the event of a lahar, the sirens will make a wailing sound.
